Khalid Oyeneye

+2348107327238 | khalidoyeneye@gmail.com | Oyo, Nigeria

Summary

Professional Frontend developer with three years of experience. Adept at building high-performance, user-friendly web applications with amazing UI. Excellent problem-solving skills and ability to perform well in a team.

Experience

Iroko Events International | Budapest, Hungary
Front End Developer (Remote) | 01/2022 - Present

- Developed and maintained the company website giving it a gorgeous user interface. Built landing pages, lead forms, and organize emails, while designing graphics & visual content for website, blog and social media posts on Figma.
- Execute strategy in specialized areas such as social media community management, also in charge of the company newsletter which proved important in raising general awareness.
- Researched new technologies, tools, and techniques to assist Tech operations, and determined which would be most useful to the business.

Agrofeed Integrated Services | Lagos, Nigeria
Front End Developer | 11/2019 - Present

- Solely built and continually updated the company official website, which created the much needed online presence/visibility.
- Improved the company's online presence using certain Search Engine Optimization (SEO) techniques, thereby significantly increasing online visibility and awareness.
- Attended and chaired numerous board meetings and executive committee meetings, leading to the adoption of an action plan by the board
- Worked with departments across the company, including marketing and project management, in developing new ideas, initiatives, products, and services

Agro Bar-magen | Ibadan, Nigeria
Web Developer (Remote) | 09/2022 - 02/2023

- Continually updated and maintained the official website for the company, resulting in an increase in sales
- Researched and implemented correct coding practices for SEO, resulting in higher search engine rankings than previously
- Successfully identified and resolved website issues for Agro Bar-magen, resulting in improved user experience and increased website traffic.
- Worked closely with professional developers in a team to build, manage and maintain complex software programs.

Skills

HTML, CSS, Tailwind, Javascript, ReactJS, Firebase, GIT, REST APIs, Figma

Education

University of Ilorin | Ilorin, Kwara
Electrical Engineering | 12/2023

- Prominent coursework: Intro to C programming, Intro to C++, Excel, and a range of visual coding techniques.

Projects
